

Move safely with SELF-ALIGNING CASTORS

Designed for AGV delivery carts.
Stainless steel or zinc finish.
Up to 500 kg load capacity.
Made in Australia.

Move equipment safely with Automatic Guided Vehicle (AGV) cart castors

Based on our M and O Series castors, the Automatic Guided Vehicle (AGV) castor is fitted with a self-aligning device that automatically aligns the castor with the AGV.

Self-aligning device on an O series plate with swivel and total brake.

Available in zinc or stainless steel.
